USB-C to USB-C Cable, 1.2 m

Unisynk 10348 USB cable 1.2 m USB C USB C/Lightning Black:

For charging and data transfers. With support for up to 60W charging.

The Unisynk Standard

Cable is reinforced with our signature braided nylon as a first line of protection.

The second layer is the TPE jacket which is far superior than traditional PVC or PUR. TPE is recyclable, very flexible and has excellent cold temperature qualities, -50 to 125°C.

Dual Metal shielding protects the signals both from exterior interference and from the cable interfering with other devices. We use a combination of both braided and foil shield for maximum effect.

With thicker conductors we can charge your devices in a more safe and stable way.

Each connector is reinforced with ultra strong aramid fibers. The same material that body armors are made of.
